Microsoft Office 365 for nonprofits

Ryan Jones, Marketing Coordinator

What is Office 365?

Your Microsoft Office in the cloud
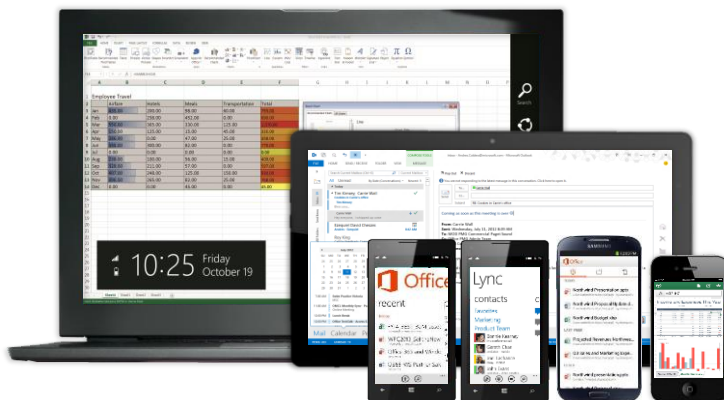

Benefits of cloud software

- **Flexibility** - capacity to add users and scale without hardware investment
- **Reliability** - hosted with guaranteed service, multiple data centres and automated backups
- **Up to date** - always up to date, all users always on the same version

= peace of mind!

What is Office 365?

Why Office in the cloud?

- Access your data wherever you want it
- Centralised document storage for your organisation
- Automated backups
- No need to run your own servers

Choose the right plan
