

A top-down view of a person with dark curly hair, wearing a blue button-down shirt, sitting at a rustic wooden desk. They are typing on a silver laptop. To the left of the laptop is a grey notebook with a blue pen resting on it. To the right is a white smartphone and a small blue mug filled with coffee. The background is a dark, textured wooden wall.

Everything You'll Need For a Seamless Transition to Remote Work

THE 4 PHASES OF REMOTE WORKING

PHASE 1

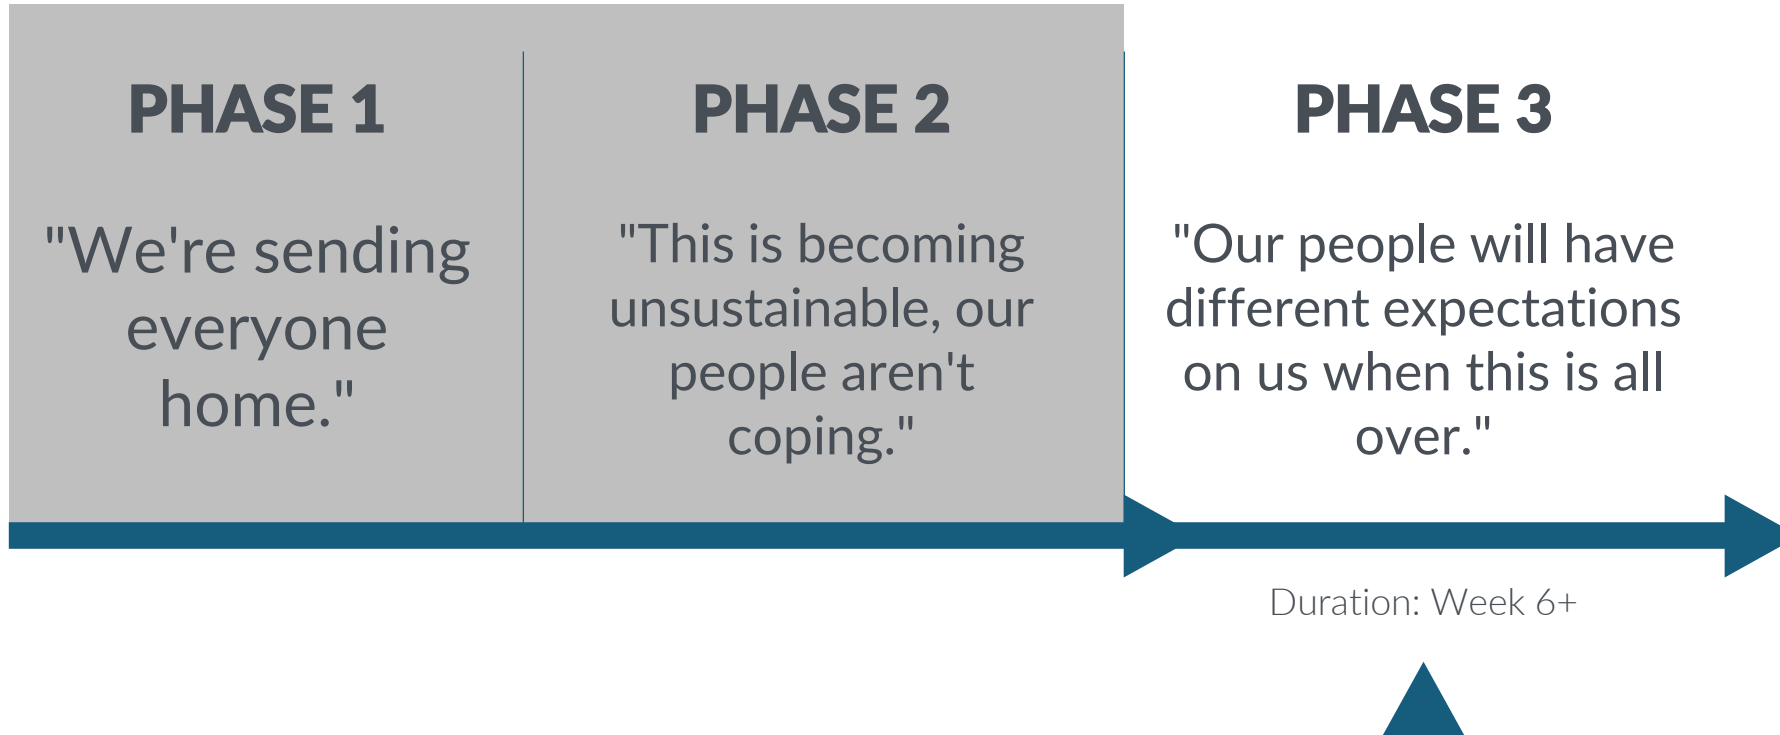

"We're sending everyone home."

Duration: Week 1 - 3

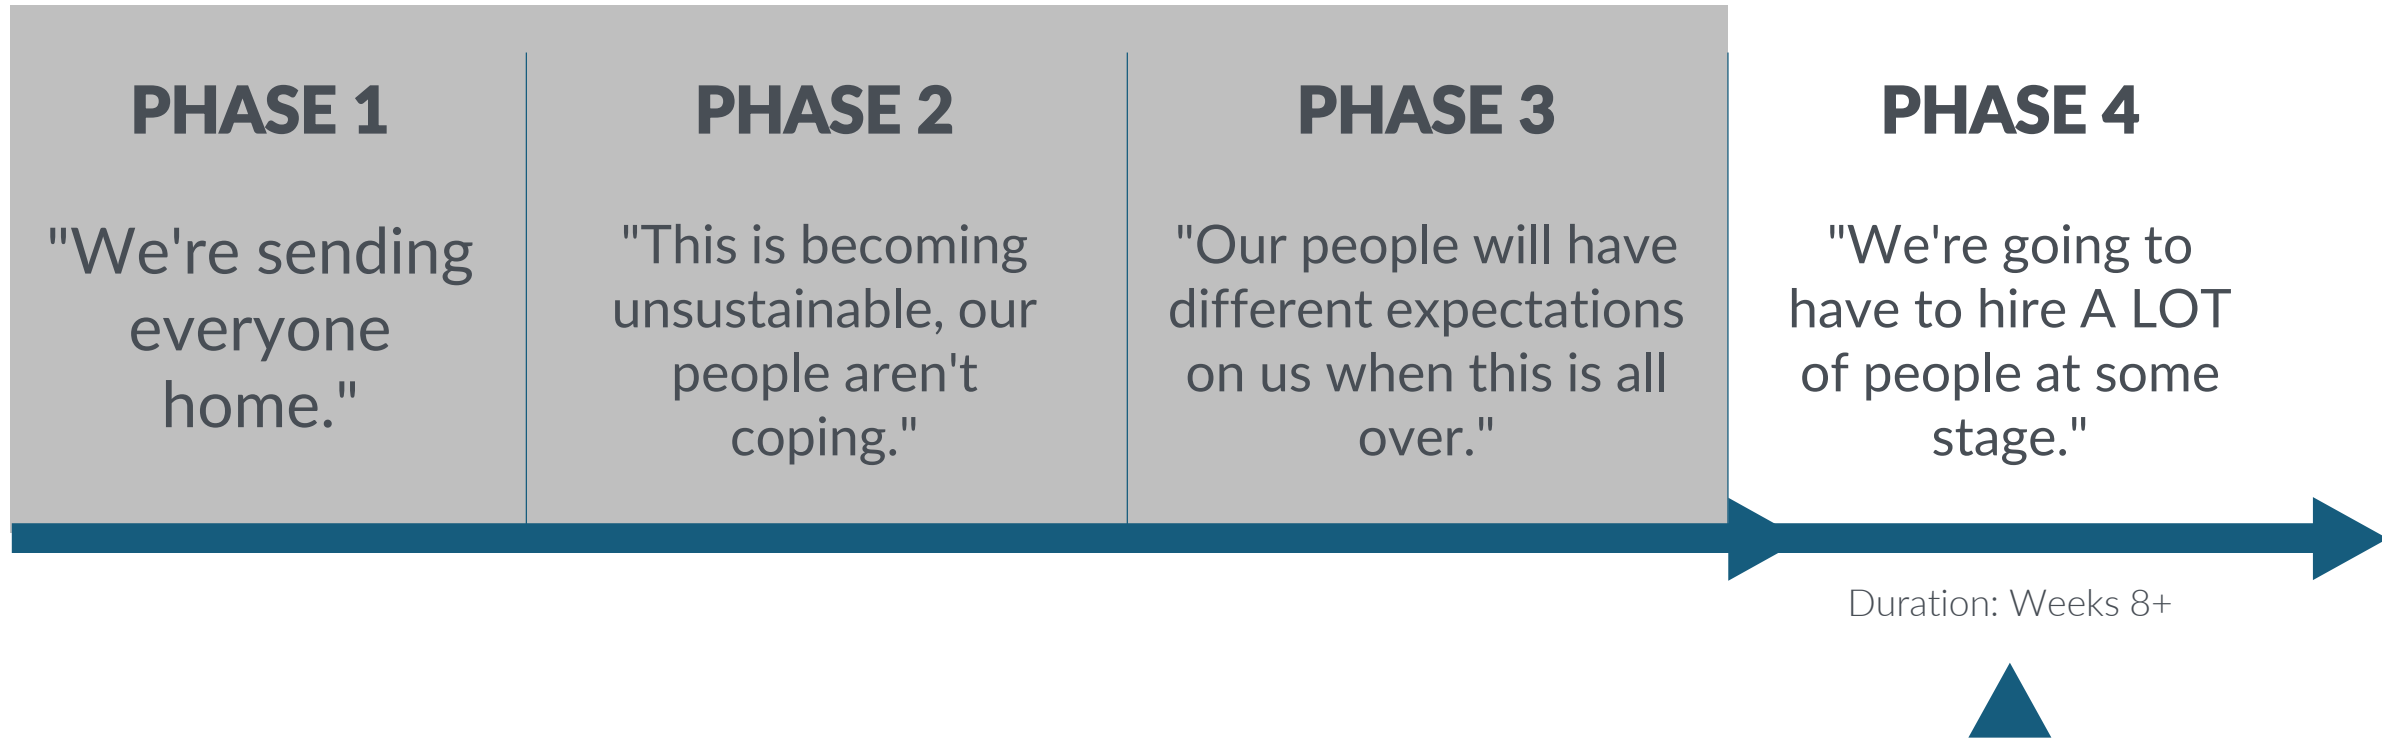

THE 4 PHASES OF REMOTE WORKING

THE 4 PHASES OF REMOTE WORKING

THE 4 PHASES OF REMOTE WORKING

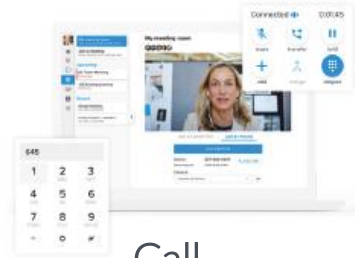

REMOTE SOLUTIONS

Meet

Use GoToMeeting to enable face-to-face remote collaboration, via desktop, web or mobile

Call

GoToConnect is the simplest, most robust cloud-native communication app giving you phone, meeting, chat and more.

Host

Engage your audience with GoToWebinar, the number one customer-recommended platform for marketing, training, and corporate communications

Support

Rescue resolves technical issues by delivering web-based support to customers, end users, unattended computers and servers.

Access

GoToMyPC, LogMeIn Pro, and LogMeIn Central are best-in-class remote access and management solutions enabling professionals to instantly access their work computers from any desktop, laptop, tablet or mobile devices

Protect

Use LastPass to protect every access point through an all-in-one single sign-on and password manager solution.

Bill Wagner

President & CEO, LogMeIn

"We feel LogMeIn is in a unique position to help our customers, their employees and our communities during this time. As a result, we are making it a top priority to do all that we can to help our customers focus on the health of their employees and their business, while also helping the critical service providers in our communities who are on the front lines."
