

DiviPay - A single platform for bill payments, expense cards, approvals and data automation.

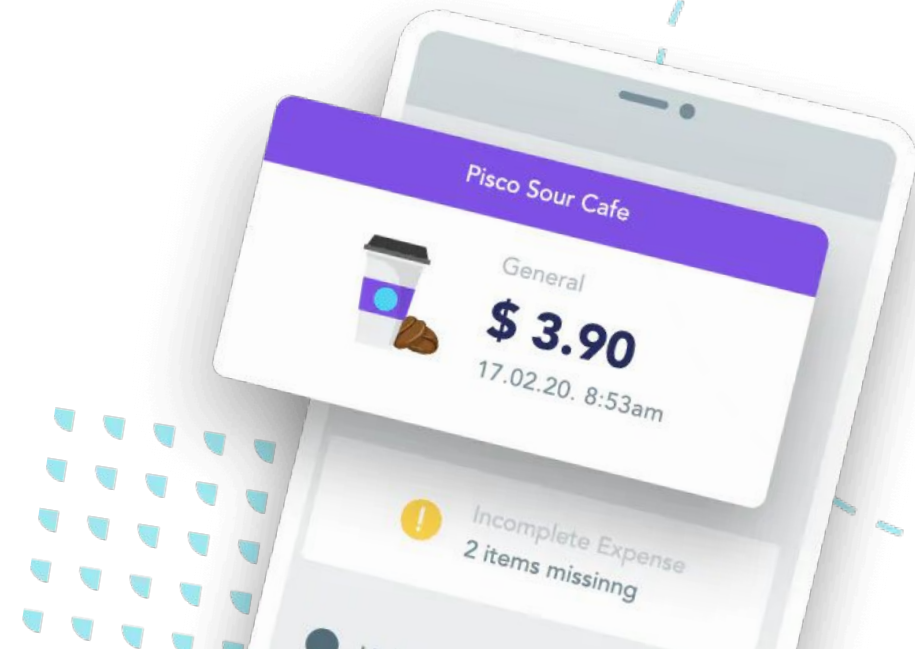

DiviPay

In this presentation

- Overview of the problems we see in Nonprofits
- Deepdive & Demo of DiviPay
- Connecting Up offer - DiviPay and MYOB
- Q&A

Key problems we observe in Nonprofits

1 Spend 'Workarounds' due to Lack of Access

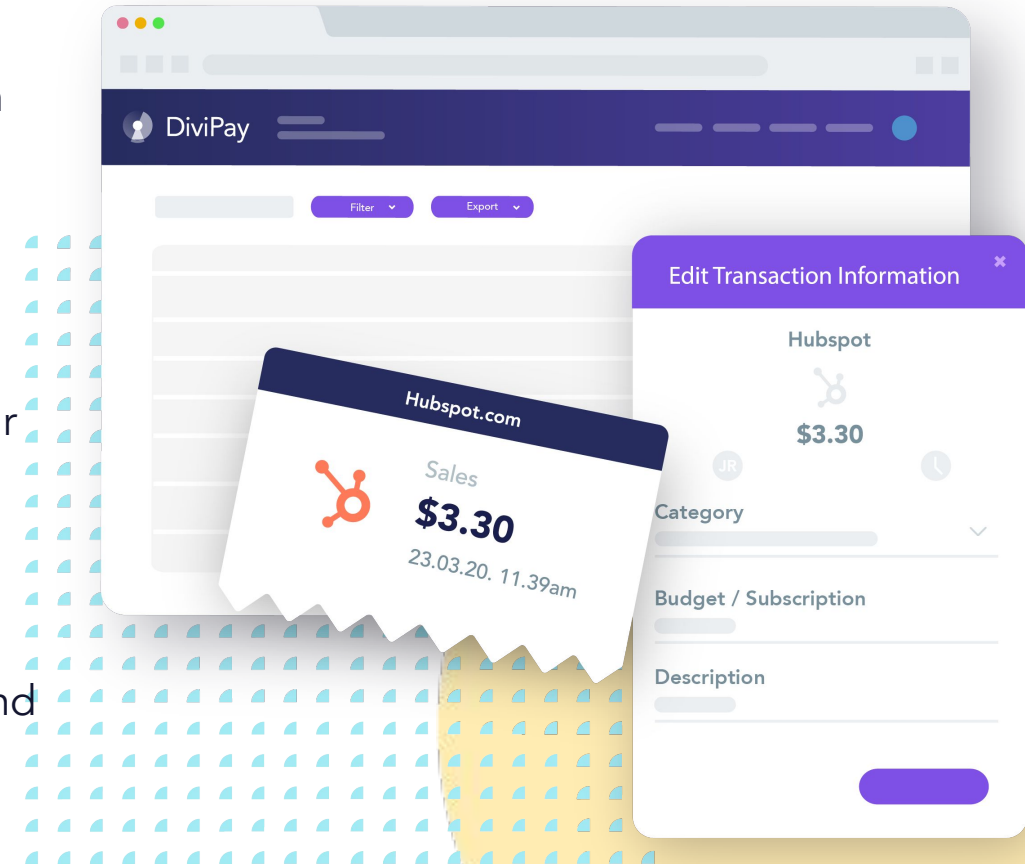

Lack of access to common banking products results in a reliance on time consuming and high risk 'work arounds'
e.g. Card sharing, Petty Cash and Reimbursement processes

2 Manual, time consuming Accounting processes

Disconnected tools and processes cause delays in monthly and year end processes

3 High risk of fraud and wasteful spending

Poor (time consuming) review and approval processes. Lack of spend policies and documentation

How It Works

01

Set spending rules with budgets

Create budgets to set spending rules for your staff and ensure payments can only be made if they are within the company's expense policy.

02

Issue virtual corporate cards

Instantly issue team members with their own virtual corporate card.

03

Pay with your phone

Use our mobile app to access your virtual corporate card, pay instore and online, and snap photos of your receipts.

04

Automate expense management

DiviPay automatically captures merchant info, GST and expense category, and exports all expense data into your accounting software.

DiviPay

Live Demo

7 bills were paid yesterday

Your bill has been approved

Supplier	Status	Category	Schedule date	Amount
MixPanel	Ready for Payment	Subscription	12/09/21	\$5,000.00
SendGrid	Ready for Payment	General Expenses		
Cool Supplies Store	Ready for Payment	Subscription		
Manly Freezers	Ready for Payment	General Expenses

Invoice

Let's Recap

No paperwork or bank visits
Issue, pause or cancel cards in
a couple of clicks without any
paperwork or bank visits.

No card sharing
Get unlimited cards and stop
tracking down who borrowed
the boss' card last.

No staff reimbursements
Stop using personal cards and
eliminate financial stress and
unnecessary processes.

Customer Stories

Jamie Hughes
Finance Manager

"It's a priority that our donor funds are directed towards helping animals... DiviPay has improved our spend controls - yet maintained a high degree of flexibility. I'm so impressed with its functionality, controls, ease of use, automation and most importantly the amazing support provided"

Keval Shah
Accountant | Finance

"With DiviPay, we have better traceability of funds, more accurate accounting and data reported in real time -better clarity and less room for error - and not to mention the efficiency gains!"

Ruby Bhonsaria
Accountant

"Since implementing DiviPay, we are saving 182 hours each month on expense management. Each transaction is reconciled at the time of purchase which makes the financial picture much more clear."

Connecting Up members get 40% off DiviPay (custom plan) after a 30-day free trial.
